Dear Wokabi,

RE: DECISION OF THE APPEALS COMMITTEE

The above subject refers and your letter dated 15th February 2024 challenging Senates's decision to discontinue your studies.

The University's appeals committee at its meeting held on **Tuesday 26th March, 2024** considered the contents of your unsigned letter and together with our records in the University and made the following findings:

1. That although you had been given a right of appeal within fourteen(14) days from the date of issue of the dismissal letter, you filed the appeal out of time but the committee waived the same and considered the appeal on it's merit.
2. That the committee further summarized your ground of appeal as numerated below and made the following observations:

a) Illegal dismissal

That you claimed to have been illegally dismissed. The university noted that infact it had been lenient and accommodated you in the University even without evidence from you of deferments of studies from the year 2014 and without following the due process as provided in Section 14.3 the Student Handbook which only allows as student to defer for three Academic Years renewable each year.

Therefore you were rightly dismissed.

Kibabii University ISO 9001:2015 Certified

b) Academically active

That although you claimed to have been academically active from the deferment period up to the time of discontinuation by the University, the committee observed from the records in your appeal, your file and noted that since your admission in September 2014 it was until 2019/2020 Academic Year you had registered for first year examination courses and only sat for five (5) courses out of fourteen (14) courses expected.

That even after you registered for examinations in the subsequent years 2020/2021 and 2021/2022 academic years there was no evidence that you sat for the expected examinations thereafter. Neither did you provide evidence to prove to the contrary the records. We have taken the liberty and attached the same for your easy reference.

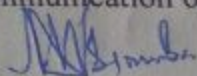

c) Delay to finish you studies due to financial challenges

That although you claimed to have paid fees based on the attachment on your appeal letter, the committee noted that you never sat for the exams which the University had allowed you sympathetically to register.

That the your grounds on the issue of financial challenges therefor does not stand as you had already been paid for fees by relevant sources which should have enabled you to sit for examinations you had registered

Your appeal is therefore dismissed on the above reasons and the Senates' decision dated Wednesday 21st June, 2023 stands.

You have a right of appeal to the Chairperson of the University Council within fourteen(14) days of communication of the Vice Chancellor's decision.
